

The Art of Louise Marks.

Coffeetimesketch Pet Commission

My #coffeetimesketches have always been a joy to complete. They take place over a drawing session fuelled by my love of a cup of good coffee. Now you can commission and own your own #coffeetimesketch.

The Sketch.

All drawings in this series follow the same format:-

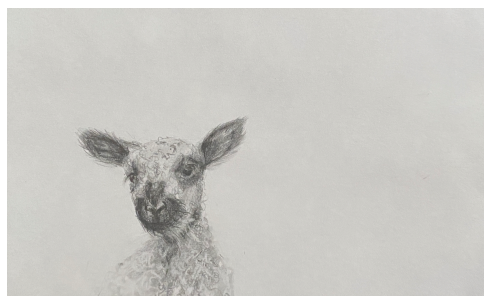

- Pencil on paper white paper approx 18cm by 11 cm. No fixative is used. Please note that the photos here were taken under different lighting conditions hence the change in the colour of the paper.
- They are sketches. There are lots of examples of them on my Instagram account (theartoflouisemarks) so what you receive should not be a surprise.

The Photo.

One reference photo needs to be sent to me of the subject.

The Process.

- You can decide beforehand if you wish the paper to be portrait or landscape orientation. I will happily give an input to that choice.
- Should a commission be accepted then the sketch would be started within 2 weeks maximum. Completed sketches are photographed once near completion and emailed to you for any tweaks. There is a maximum of two more photos/reviews after that as at the end of the day I want you to have a sketch of your pet that we are both happy with. As you are aware of my style of sketching there should be no surprises.
- Once finished the sketch is then posted out second class 'signed for' which requires your signature on delivery. The sketches are sent in sturdy cardboard box packaging and are unframed.
- Unless otherwise stated the sketch will most likely be used in a post on social media. Likewise I often make a timelapse video of the sketching process which is also likely to be posted on my social media. If the sketch is for a surprise I will happily delay the use of the image(s).
- No fixative is used on the sketch so it is recommended that they be displayed behind a mount / glass.

Costing.

The cost is £50 which includes worldwide second class tracked and signed delivery.

The Contract.

The contract does not begin until I have messaged confirmation back to you in which I will include the email address for the sketch to be sent. This email will also include bank details for the 100% payment which is needed just before the sketch is posted off. I limit the number of sketches per month so I sadly can't guarantee that all commissions will be accepted. If you require any further information about any part of the process then please don't hesitate to contact me.

Regards,

Louise
